**Report on Two days National Workshop on Animal Diversity and Taxonomy held on 28<sup>th</sup> February and 1<sup>st</sup> March 2022:**

We received approval from Registrar, Mangalore University to organize Two Days National Workshop on Animal Diversity and Taxonomy vide letter No:MU/REG/DEV/(D7)/05/2021 Dated on:22.02.2022.

To commemorate the National Science Day- 2022, the Department of Applied Zoology, Mangalore University organized two days of National Workshop on Animal Diversity and Taxonomy on 28<sup>th</sup> February & 1<sup>st</sup> March 2022. Dr.Narasimhaiah N, Convener of the Workshop welcomed the guests and briefed them about the workshop. The workshop was inaugurated by Sri Ananth Hegde Ashisara, Former Chairman, Karnataka Biodiversity Board, Govt of Karnataka & Director, Regional Empowered Committee (South Zone), Ministry of Environment, Forest and Climate Change, Govt. of India. Sri Ananth Hedge Ashisarais one of the eminent environmentalists and he served in the biodiversity board and also the Western Ghats taskforce. He gave thoughtful remarks and narrated the importance and significance of flora and fauna in nature conservation.

Dr. Rudolph V.J. Noronha, General Manager –Corporate Communication, Mangalore Refinery and Petrochemicals Limited was the Chief Guest. He appreciated the effort of organizing workshops and animal diversity and imparting knowledge to the students and researchers. Prof. P.Subrahmanya Yadapadithaya, Hon’ble Vice Chancellor, Mangalore presided over the inaugural function and in his presidential address he highlighted the significance of biodiversity and taxonomy in nature and he wished the program a great success. In this National Workshop, more than 150 students and 15 faculty members from different colleges/institutes have actively participated.

On 28<sup>th</sup> February 2022, after the inauguration, there were four lecture sessions. Dr. J.M Julka, Shoolini University, Haryana state, India delivered the keynote lecture on Taxonomy and biosystematics in science and society –an Indian perspective. There were immense responses and a lot of student interactions during this session. The second lecture was delivered by Dr. Deepak Samuel V, Scientist D, National Centre for Sustainable Coastal Management, Chennai, Tamilnadu who delivered a lecture titled “Mangrove Associated Coastal Wildlife”. This session witnessed electrical interactions between the participants and the speaker. Dr. P.M Sureshan, Scientist E, Zoological Survey of India, Western Ghat Regional center, Calicut, Kerala, delivered a lecture on “Principles and Practices of Animal Taxonomy” followed by a lecture session by Dr. Aravind Madhyastha, Associate Professor, Ashoka Trust for Research for Ecology and the Environment, Bangalore on the topic “Systematics and Ecology of Freshwater Molluscs of India: What we Know and What we don’t”. Both sessions were very impressive and had wonderful interactions between participants and speakers.

On the second Day 01<sup>st</sup> March 2022, the Fifth lecture was delivered by Dr. Ramakrishna A, Former Director, Zoological Survey of India on the topic “Role of Zoological Survey of India in Taxonomic Research”. He highlighted the evolution of taxonomic research in the Indian context. The sixth lecture was delivered by Dr. David K.J, Scientist D, ICAR- National Bureau of Agricultural Insect Resources, Bangalore and he delivered a talk on “Fruit flies (Diptera:Tephritidae) of India: Diversity and Taxonomy”. The session included elaborative descriptions of taxonomic identifications and the importance of fruit flies. The seventh lecture on “Taxonomy of Finfish and Shellfish” was delivered by Dr. H.N. Anjaneyappa, Professor, College of Fisheries, Mangalore. He explained all the aspects of the taxonomy and the importance of Inchyofauna. All the sessions were very interactive and participants were actively involved in discussion after each session.

In the afternoon, hands-on training in Taxonomic identification of fish, mollusks, butterflies, earthworms and molecular systematics was conducted in five different labs. The participants were grouped into five teams and trained by different resource persons. Prof. K.S. Sreepada and his team trained the participants in the identification of earthworms. Prof. Bhasker Shenoy and his team conducted the training session on mollusk shell identification. Dr. H.N. Anjaneyappa and Dr. Narasimhaiah N jointly trained participants in fish and shellfish identification. Dr. Deepak Naik trained participants in butterfly identification. The teams led by Prof. M.S. Mustak and Dr. Shamprasad Varija Raghu demonstrated the molecular taxonomical tools and transgenic tools in *Drosophila* respectively.

In the evening, a valedictory program led by Dr. Ramakrishna A, Former ZSI, Dr. H.N. Anjaneyappa, Dr. David K.J, Prof. K.S. Sreepada, Chairman, Department of Applied Zoology, and Dr. Narasimhaiah N, Convener of the workshop was convened. Dr. Ramakrishna A appreciated the efforts of organizing such a meaningful workshop which is the need for an hour after a long gap of two years due to the Covid-19 pandemic across the world. Convener collected feedback from participants and was overwhelmed with the high degree of appreciation from the participants. All the participants and resource persons received certificates for their active participation in the workshop. There was a good response from the print media and they supported the workshop with good media coverage of the workshops in different local and national level newspapers.

Date: 22.07.2022

Invitation

Time	Topic	Speaker
8:30 - 9:00 am	Registration	
9:00 - 10:15 am	Inauguration and Tea	
10:15 - 11:30 am	Presentations and group discussions	Dr. J.J. Jalla
11:30 - 1:00 pm	Lunch break	
1:00 - 1:45 pm	Presentations and group discussions	Dr. P.M. Srinivasan
1:45 - 2:15 pm	Presentations and group discussions	Dr. P.M. Srinivasan
2:15 - 3:45 pm	Presentations and group discussions	Dr. P.M. Srinivasan
3:45 - 5:15 pm	Presentations and group discussions	Dr. P.M. Srinivasan
5:15 - 6:30 pm	Presentations and group discussions	Dr. P.M. Srinivasan
6:30 - 8:30 pm	Presentations and group discussions	Dr. P.M. Srinivasan
8:30 - 10:30 pm	Presentations and group discussions	Dr. P.M. Srinivasan
10:30 - 12:00 pm	Presentations and group discussions	Dr. P.M. Srinivasan
12:00 - 1:15 pm	Presentations and group discussions	Dr. P.M. Srinivasan
1:15 - 1:45 pm	Presentations and group discussions	Dr. P.M. Srinivasan
1:45 - 2:15 pm	Presentations and group discussions	Dr. P.M. Srinivasan
2:15 - 3:45 pm	Presentations and group discussions	Dr. P.M. Srinivasan
3:45 - 5:15 pm	Presentations and group discussions	Dr. P.M. Srinivasan
5:15 - 6:30 pm	Presentations and group discussions	Dr. P.M. Srinivasan
6:30 - 8:30 pm	Presentations and group discussions	Dr. P.M. Srinivasan
8:30 - 10:30 pm	Presentations and group discussions	Dr. P.M. Srinivasan

National Science Day-2022  
NATIONAL WORKSHOP ON ANIMAL DIVERSITY AND TAXONOMY  
28<sup>th</sup> February & 1<sup>st</sup> March 2022

**FEEDBACK FORM**

Name and Address: *Shravya V. Kalyan* Mangal College, Mangaluru

Feedback on Talks:

Dr. J.M. Jukka	It was good, but due to being rushed with time, I could not follow.
Dr. Deepak Samuel V	Very informative talk, it was interesting to know the organisms in the workshop.
Dr. P.M. Sureshan	Came to know a lot of information and scope of taxonomy.
Dr. Anvith Madhyastha	Came to know the endemic species of mangaluru.
Dr. Ramkrishna A.	Explained very well, we could understand taxonomy. Came to know the scope of taxonomy.
Dr. David K.J.	A wonderful talk on forest fly - domestic species of forest fly.
Dr. Anjaneyappa H.N.	It was a wonderful talk on forest fly - domestic species of forest fly.

Feedback on workshop:

Had a wonderful time during this workshop. Very thankful to be a part of it. Got to know a lot of informative stuff.

National Science Day-2022  
NATIONAL WORKSHOP ON ANIMAL DIVERSITY AND TAXONOMY  
28<sup>th</sup> February & 1<sup>st</sup> March 2022

**FEEDBACK FORM**

Name and Address: *NEHIM* Dept of Biotechnology, Mangalore University, Mangaluru

Feedback on Talks:

Dr. J.M. Jukka	Session is very informative
Dr. Deepak Samuel V	Session is excellent & very useful
Dr. P.M. Sureshan	Excellent talk - very interesting topic
Dr. Anvith Madhyastha	Very good session is informative
Dr. Ramkrishna A.	Session is very good & informative
Dr. David K.J.	He was able to explain session he explained very well about forest fly
Dr. Anjaneyappa H.N.	The session is good he explained very clearly the topic of taxonomy of forest fly

Feedback on workshop:

The workshop is very well & informative. Useful for students to improve their knowledge of animal diversity. Thank you for conducting this workshop. I request to conduct an workshop on taxonomy.
