

Dr. Ganesh Sanjeev

M.Sc. Ph.D.

Designation: Professor of Physics

email: ganeshsanjeev@rediffmail.com;

Research areas are Radiation processing of materials and devices, Photon & Neutron Activation Analyses; Photo-fission studies; Radiation Dosimetry and Microtron based research studies. Guided 1 Ph.D. student. More than 113 research papers have been published in the journals of repute. Completed / ongoing research projects are funded by UGC and DAE-BRNS.

Contact Nos.

+91-824-2287363 / 274 (O)

Area of Research

Radiation processing of materials and devices
Photon & Neutron Activation Analyses
Photo-fission studies, Radiation Dosimetry and
Microtron based research studies

Membership of Professional Organization/Association:

- Life Member of Indian Society of Particle Accelerators (ISPA) (Executive Committee Member)
- Life Member NAARRI
- Life Member, Geochemical Society of India

Research Projects:

- Principal Investigator in 02 BRNS research projects
- Co-investigator in 43 Microtron based BRNS research projects
- Principal Collaborator in 38 Microtron based BRNS research projects

Research Publications (Journals): 163
