Preparation for Teaching:

- 1. Planning Lessons:** You are supposed to give 16 lessons each in each of the pedagogy subjects in secondary schools of your choice. The teacher educators will guide you minutely for each of the aspects of lesson plan like selection of the lesson, Writing Instructional Objectives, Preparation and use of learning aids, closure activities, etc. The format for writing lesson plans in constructivist mode has been provided already and the teacher educators will guide you to write lessons in this format. The lesson plans will be evaluated for 10 marks each and will be reduced to 32 marks in total.
- 2. Designing Unit Test:** You are supposed to conduct one test for the unit taught by you in schools and you need to be prepared to design unit test. The format for unit test and a sample of unit test for each subject is already provided. The marks for designing unit test is equal to 10 marks.
- 3. Designing Test Material:** You are supposed to frame 50 Objective type questions in each of the pedagogy subject. It needs to be of different forms of Objective type questions. The examples for objective type questions in different methodology have been provided already. This carries 10 marks.
- 4. Writing Reflective Diaries:** You are supposed to write reflective diaries for each of the lessons would you teach and hence, you are supposed to submit a total of 16 reflective diaries to the Study Centre.
- 5. Observing lessons of other students:** You are supposed to submit report of 5 lessons in each pedagogy and submit the observation diaries to the Study Centre. You need to Xerox the format for observing the lesson, provided by the centre. Student to be need completing 5 observations lesson in each pedagogy.
- 6. Observation of schools:** You are expected to observe the school on three days, being present in the school throughout the day. The teacher educator will guide you about the procedure and reporting of school observation, based on the format provided by the centre. The report will be submitted during the third contact programme.
