**Class:** xxx

**Section:** xxx

**Period:** xxx

**Medium:** xxx

<b>Phases</b>	<b>Details of Phases</b>	<b>Specifications of Students' behaviour in the Learning Process</b>
Phase One	<p><b>Creating appropriate Learning Environment/ Stimulation of Previous Experiences related to the present topic.</b></p> <p>Set a purpose. Check on previous learning. Identify where you need to start. Give activities to find out their knowledge about the topic. Use questions, quiz activity, brain storming etc to know what they already know about the topic. (Can also use pictures, visuals, Stories, Personal experience)</p>	
Phase Two	<p><b>Presentation of Learning Points</b></p> <p>Present the learning points, to be learnt on the day. Develop the lesson linking it to their previous knowledge.</p>	

	Build background knowledge, lecture, and introduce key new points of understanding, correcting misconceptions. Develop the learning points using appropriate approaches/Strategies,/Techniques, Learning Aids, Experiments, Anecdotes, Analogies, Illustrations, Examples.	
Phase Three	<p><b>Clarification</b>  Restate, reemphasize, add examples, illustrations about the points already discussed to strengthen their understanding.  Provide additional details, / examples/ illustrations/,experiments/ sample problems /and situations. Pose questions to move students toward independent work.</p>	
Phase Four	<p><b>Practice / Review and Independent Practice</b>  See that students work with you, and whole class, in small groups, or with a partner to clarify learning. Plan activities for the same.  <b>Independent Practice</b>  Students practice on their own. Begin homework. Struggling students get additional practice</p>	
Phase Five	<p><b>Closure</b>  Motivate students to consolidate the points learnt in the class. Connect the lesson details together. Answer questions and respond to whole class difficulties.</p>	
Phase Six	Assign follow up activities that strengthen the learning of students.

### **Guidelines to prepare Test Material**

- All questions shall be Objective type questions
- A total of 50 questions need to be prepared
- Indicate the Objective, Question and Answer for each item.(Objective should be decided according to the objectives of each subject. Science: Understanding, Application, Analysis, Skill etc; Language: Comprehension, Skills, Vocabulary etc)
- The questions shall be of any one type out of the 5 types given below. Each type should have a minimum of 6 questions. (Completion, Matching, Multiple Choice, Sequential Arrangement, Classification, True-False Type)
- See that the questions belong to a single subject (History, Civics, Geography, Physics, Arithmetic etc)
- Let the instruction for each type of item be very clear. Let the instruction involve two parts-what is given in the question and what is expected of students.
- Present same type of questions under a single heading.

#### **I. Completion Type Questions**

**Instruction:** Below are given incomplete statements. Complete them using appropriate answers.

#### **II. Matching Type Questions**

**Objective:** Identification of polygons

**Instruction:** Below are given \_\_\_\_\_ (the name of the polygons) in List 'A' and (the number of sides in a polygon in List 'B'). Match the (polygons) according to \_\_\_\_\_ (their number of sides).

	List 'A'	List 'B'	
1	Decagon	6 Sides	a
2	Nonagon	5 Sides	b
3	Hexagon	10 Sides	c
4	Pentagon	9 Sides	d

Answer: \_\_\_\_\_

Answer: 1-d,2-c,3-a,4-b

### III. Multiple Choice Questions

Instruction: Below are given incomplete statements followed by four choices. Indicate the best answer to complete the statement using '√'

### IV. Sequential Arrangement Items

Instruction: Below are given the tasks to be completed while conducting an experiment to \_\_\_\_\_. Arrange the tasks in appropriate sequence.

## V. Classification Items

Below are given some crops. Identify the one which does not belong to the group

- a) Rice,
- b) Wheat,
- c) Pulses
- d) Cotton

Answer: d) Cotton is a cash crop

Or

Below are given a pair of words in the first part. Identify the word that fits the second word. out of the choices followed by the question

Boreal forests: bats:: Tropical forests:\_\_\_\_\_

Jaguar, bears, lynx, wolf,

## VI. True/False Items

Instruction: Below are given some statements. Identify the statements that indicate the property of acids.
