PRESS NOTE

Date: 26.07.2018

Mangalore University organized an INTERACTION WORKSHOP on the Biotechnology Ignition Grant (BIG) of the Department of Biotechnology, Govt. of India on Thursday, 26th July 2018. Mr. Suchit C. Vasudevappa, Program Manager, Entrepreneurship, C-CAMP, NCBS, UAS-GKVK Campus, Bengaluru gave a detailed overview of the BIG scheme that funds research towards a new product or a new process in Biotechnology and related fields that has high societal impact. It also facilitates patenting and enables links to industry in India and abroad such that the product/process can be marketed. Faculty, young scientists from the DST-PURSE Laboratory, PhD scholars and MSc project students participated. Dr. Monika Sadananda, Professor & Coordinator, MSc Biotechnology coordinated the program.
