ಮಂಗಳಗಂಗೋತಿ, - 574 199 Office of the Registrar Mangalagangothri - 574 199 ದಿನಾಂಕ/Date:24.06.2022

NOTIFICATION

Sub: Revised syllabus for Ph.D. Coursework in Statistics Ref: Academic Council approval vide agenda No.: ಎಸಿಸಿ:ಶೈ.ಸಾ.ಸ.1:3(2022-23) dated 16.06.2022

The revised syllabus for Ph.D. Coursework in Statistics which has been approved by the Academic Council at is meeting held on 16.06.2022 is hereby notified for implementation with effect from the academic year 2022-23 and onwards.

To,

- 1. The Chairman, Dept. of Post Graduate Studies and Research in Statistics, Mangalore University, Mangalagangothri.
- 2. The Chairman, P.G. BOS in Statistics, Mangalore University, Mangalagangothri.

3. The Registrar (Evaluation), Mangalore University, Mangalagangothri.

4. The Superintendent (ACC), O/o the Registrar, Mangalore University.

5. The Asst. Registrar (ACC), O/o the Registrar, Mangalore University.

6. Guard File.

Scheme of Examination and Syllabus for

Ph.D Programme Course Work in Statistics

DEPARTMENT OF POST-GRADUATE STUDIES AND RESEARCH IN STATISTICS MANGALAGANGOTHRI-574 199 2022

Cousre Work PhD in Statistics Syllabus

eamble:

The present syllabus of Ph. D. course work was prepared and implemented during 2016. There was a need to revise the Syllabus to accommodate new research areas. A draft syllabus was placed before the PG board of studies. PG board of Studies in Statistics thoroughly discussed and modified the draft syllabus. The syllabus was prepared as per the regulations of Ph. D. Programme adapted by Mangalore University. There are three papers in the course work for Ph.D

Paper 1: Research Methodology Paper 2: Research and Publications Ethics Paper 3 : Review of literature

| 101 | | | Duration of | | | Marks | |
|-----------|---------------------------------|---|------------------|--------|------------|-----------|---------|
| Papers | Particulars | Hours of Instructio n Per week | the exam(Hrs) | I A | Theor y | Tota 1 | Credits |
| Paper-1 | Research Methodolog | 4 | 3 | 30 | 70 | 100 | 04 |
| Paper | y Research | 2 | 3 | 30 | 70 | 100 | 02 |
| | and Publications Ethics | 00 | | | | 150 | |
| Paper-III | Review of Literature Viva | 08 | - | | | 50 | 08 |
| | | Total | | | | 400 | 14 |

Program Specific Objectives (PSOs):

Researcher should be able to understand a general definition of research.

Researchers should be able to identify the overall process of designing a research **PSO 1: PSO 2:**

study from its commencement to its final report. Researchers should be familiar with Ethics in Research, Plagiarism, skills related **PSO 3**:

to writing research paper and thesis, Sources of published literature. PSO 4: Researchers should be familiar with conducting a literature review for a scholarly educational study with the steps in the overall process.

P.G. BOS in Statistics Mangalore University

Paper - 2 : Research and Publications Ethics

Instruction hours per week : 2hrs

Credits: 2

Max. Marks: 100

Course objectives :

- 1) To provide with the fundamental knowledge of bases of philosophy of ethics, research integrity and publications ethics.
- 2) To create awareness about the publications ethics and publications misconducts.
- 3) To make the researcher familiar with indexing and citation database, open access publications, research matrices (citation, h-index, impact factor etc.)

Course outcomes :

At the end of the course, students will be able to

- 1) Demonstrate research and publication ethics.
- 2) Identify publication misconduct and predatory journals.
- 3) Identify different tools for plagiarism check.
- 4) Utilize various indexing and citation database and outline research matrices.
- 5) Appraise research integrity.

Theory

Unit-1: Philosophy and Ethics (3 hrs)

- 1. Introduction to philosophy : definition, nature and scope, concept, branches.
- 2. Ethics : Definition, moral philosophy, nature of moral judgments and reactions.

Unit-2: Scientific Conduct (5 hrs)

1. Ethics with respect to science and research.

- 2. Intellectual honesty and research integrity.
- 3. Scientific misconducts : Falsification, Fabrication, and Plagiarism(FFP).
- 4. Redundant publications : duplicate and overlapping publications, salami slic Week: 0 5. Selective reporting and misrepresentation of data.

Unit-3: Publication Ethics (7 hrs)

- 1. Publication ethics : definition, introduction and importance.
- 2. Best practices/standards setting initiatives and guidelines: COPE, WAME etc. 3. Conflicts of interest.
- 4. Publication misconduct : definition, concept, problems that lead to unethical beh
- 5. Violation of publication ethics, authorship and contributorship.
- 6. Identification of publication misconduct, complaints and appeals. 7. Predatory publishers and journals.

Practice:

Unit-4: Open Access Publishing (4 hrs)

- 1. Open access publications and initiatives.
- 2. SHERPA/ROMEO online resource to check publisher copyright and self-archiving
- 3. Software tool to identify predatory publications developed by SPPU. 4. Journal finder/journal suggestion tools viz., JANE, Elsevier Journal Finder, Springer

Unit-5: Publication Misconduct (4 hrs)

- A. Group Discussions (2 hrs)
 - 1. Subject specific ethical issues, FFP, Authorship.
 - 2. Conflicts of interest.
 - 3. Complaints and appeals : Examples and fraud from India and abroad.
- B. Software tools (2 hrs)

Use of plagiarism software like Turnitin, Urkund and other open source software tools

Unit-6: Databases and Research Metrics (7 hrs)
