## **BSAAVO 288**

## **Choice Based Credit System IV Semester B.Sc. (Animation and Visual Effects) Degree Examination, September 2022** (2020 – 21 Batch Onwards) (Open Elective) **LIGHTING FOR SHOOTING (Elective – 2)**

| ïme : | 2 Hours Max. Ma  | rks : 40 |
|-------|--|----------|
|       | SECTION – A  |          |
| 1. Ar | nswer any five of the following. (2                                    | ×5=10)   |
| a)    | What is the full form of UV ?  |          |
| b)    | What are secondary colours ?   |          |
| c)    | What is colour Gel ?   |          |
| d)    | What is Celluloid ?  |          |
| e)    | What is grayscale?   |          |
| f)    | What is diffuser?  |          |
| g)    | What is Kelvin ?   |          |
|       | SECTION - B  |          |
| Answ  | ver one full question from each Unit. Each question carries 15 marks.  |          |
|       | Unit – I   |          |
| 2. a) | Explain in detail, what is light spectrum?                             | 8        |
| b)    | What is visible spectrum ? Explain with example.                       | 7        |
|       | OR   |          |
| 3. a) | Explain in detail the difference between Infra red light and UV light. | 8        |
| b)    | What is additive colour theory and subtractive colour theory?          | 7        |
|       | Unit – II  |          |
| 4. a) | What is colour temperature? Explain in detail.                         | 8        |
| b)    | What is composition? Explain in detail with example.                   | 7        |
|       | OR   |          |
| 5. a) | What is line of force in composition? Explain in detail.               | 8        |
| b)    | Explain the use of CFL and LED lights in shooting.                     | 7        |
|       |  |          |
